## Ganryo® 12

### Product features

- Twelve types of active ingredients help to relieve sore tired eyes, blurred vision and conjunctival congestion in the eyes.
- Well-balanced combination of neostigmine methylsulfate, three types of vitamins and three types of amino acids, which adjusts the focus of the eyes and relieves tired eyes.
- Soothing refreshing eye drops suitable for tired eyes.

### [Precautions]

#### Consult with a doctor

##### 1. Consult with a doctor, pharmacist, or registered drug seller if you:

- (1) Are receiving treatment at a clinic.
- (2) Have ever experienced allergic symptoms after taking a drug.
- (3) Have a severe ocular pain.
- (4) Are diagnosed with glaucoma.

##### 2. Immediately stop using Ganryo 12, and consult with a doctor, pharmacist, or registered drug seller showing this leaflet if you experience any of the following symptoms after using Ganryo 12 because it may be a side effect:

Affected area	Symptoms
Skin	Eruption/redness, itchiness
Eyes	Redness, itching, swelling

##### 3. Stop using Ganryo 12, and consult with a doctor, pharmacist, or registered drug seller showing this leaflet if:

- (1) Blurred vision is not relieved.
- (2) Symptoms are not relieved after five to six days of use.

**[Indications]** Tired eyes, conjunctival congestion, prevention of eye diseases (after swimming, when dust or sweat gets in the eyes), eye inflammation (e.g., snow blindness) due to ultraviolet or other rays, inflammation (sore) of the eyelids, discomfort while wearing hard contact lenses, itchy eyes, bleary eyes (increase in eye mucus, etc.).

**[Dosage and Usage]** Instill one to three drops for three to six times a day.

<Precautions Related to Dosage and Usage>

- (1) Excessive use may cause abnormal glare or congestion in the eyes.
- (2) Children should use the product only under adult supervision.
- (3) Do not let the tip of the bottle touch your eyes, eyelids or eyelashes. (doing so could cause the solution to become contaminated with eye mucus or bacteria.) Do not use the product if it does become contaminated.
- (4) Do not use the product while wearing soft contact lenses.
- (5) Use only as an eye drop.

## [Indications]

Active ingredients	Content (per 100 mL)	Function
1) Cyanocobalamin (vitamin B <sub>12</sub> )	10mg	Activates the function of the ciliary muscle and relieves tired eyes.
2) Neostigmine methylsulfate	5mg	Improves the reduced ability to adjust the focus of the eyes, relieving tired eyes.
3) Pyridoxine hydrochloride (vitamin B <sub>6</sub> )	50mg	Accelerates the metabolism of corneal cells to improve tired eyes.
4) Panthenol	100mg	Gives nutrients required for active metabolism, protecting the eyes.
5) Magnesium·Potassium L-Aspartate (Equivalent mixture)	1000mg	A type of amino acids that promotes cellular respiration in the eyes and provides nutrients, relieving fatigue of the eyes.
6) Taurine	400mg	Provides nutrients to the eyes and promotes the repair of damaged ocular tissues by improving metabolism.
7) Chondroitin sulfate sodium	250mg	Protects the cornea and moisten the eyes, accelerating nutritional supplementation.
8) Chlorpheniramine maleate	30mg	Relieves itching eyes with its antihistamic effect.
9) Tetrahydrozoline hydrochloride	50mg	Removes congestion in the conjunctivas (the white of the eye) by its contracting effect on the peripheral vessels.
10) Epsilon-aminocaproic acid	1000mg	Inhibits the production of the inflammatory substance (plasmin), relieving inflammation.
11) Dipotassium glycyrrhizinate	250mg	An ingredient deriving from a herbal medicine, licorice, which relieves symptoms such as itching in the eyes or sore of the eyelids caused by inflammation.
12) Berberine sulfate hydrate	10mg	An ingredient deriving from herbal medicines, Phellodendron bark and Coptis root, which relieves symptoms such as itching in the eyes or sore of the eyelids caused by inflammation.
