

Easily rolled around and fits perfectly to the thin affected regions such as wrists and fingers

<Cooling effect> Analgesic antiinflammatory gel patch

#### Product advantages

- <Excellent cooling/analgesic/antiinflammatory effect> This analgesic/antiinflammatory gel patch provides a soothing cooling effect and excellent analgesic/antiinflammatory effect.
- <Overlapped portion doesn't peel off easily when applied by wrapping it around> Special cloth used in this product makes it suitable for regions such as wrists and fingers, because the overlapped portion doesn't peel off easily when applied by wrapping it around.
- <Refreshing feeling> It can withstand changes in air temperature and humidity. Very refreshing without any dripping or sticking.
- <Moisture-keeping zipper> Inner pouch has a moisture-keeping zipper to protect the gel patches from drying that is convenient for storage.
