- Stretches to all directions to fit the skin perfectly.
- Large sized patch that can cover wide area such as the lower back.

[Precautions]

 **Do not use:** [Failure to follow directions may result in worsening of current symptoms or cause side effects.]

1. Do not use:

- (1) If you have a history of allergic symptoms to this product or ingredients of this product.
- (2) If you have a history of asthma.
- (3) If you are pregnant or possibly pregnant.
- (4) Children under 15 years old.

2. Do not use this product on the following areas:

- (1) Around the eyes and mucous membranes.
- (2) Eczema, eruptions, and wounds.
- (3) Athlete's foot/ringworm or purulent skin.

3. Do not use this product for more than 2 weeks in a row.

Ask a doctor:

1. Ask a doctor, pharmacist, or registered distributor before use,

- (1) If you are being treated by a doctor.
- (2) If you have a history of allergic symptoms due to drugs.

2. If the following symptoms appear after use, there may be. Stop using this product immediately, and ask a doctor, pharmacist, or registered distributor with this box.

Related area	Symptoms
Skin	Rash/redness, swelling, itching, pain, sting, eruption, blisters

In rare cases, the following serious symptoms may occur. In such cases, consult a doctor immediately.

Name of the symptom	Symptoms
Shock (anaphylaxis)	Skin itching, urticaria, hoarse voice, sneezing, throat itching, feeling of dyspnea, palpitation, and clouding of consciousness occur immediately after use.

3. If the symptoms persist after 5 to 6 days of use, stop using the product and ask a doctor, pharmacist, or registered distributor with this box.

[Indications] Joint pain, muscle pain, low back pain, tenosynovitis (pains and swellings in the hands, wrists, and ankles), pain in the elbows (tennis elbow), bruises, sprains, shoulder pain associated with stiff shoulder

[Dosage and usage] Remove the film on the surface and apply to the affected area not more than twice a day.

<Precautions regarding to dosage and usage>

- (1) Children under 15 years old should not use this product.
- (2) Do not use other than as specified in the dosage and usage.
- (3) Since this product only treats symptoms such as pain and swelling, rather than the disease that caused it, use this product only when there are symptoms.
- (4) Wipe and clean the skin thoroughly when sweating or if the skin is wet.
- (5) Do not warm the affected area to which this product is applied with a heating pad or electric blanket.
- (6) Discontinue use at least 1 hour before a bath or shower because it may induce strong stimulation.
Also, do not use immediately (within 30 minutes) after a bath or shower.
- (7) If you have sensitive skin, apply a small piece (1 to 2 cm square) to the sensitive skin of the inner arm for approximately half a day or longer before application. Use this product only after confirming that the symptoms such as rash/redness, itching, and eruption do not occur.
- (8) Do not apply to the same area continuously if you have sensitive skin.
